Principal's Message

As we begin the New Year, I would like to commend our students for the great things they have accomplished in 2009. Recently, Bull Run had a very successful "Mix-it-up" day in which students were given the opportunity to better get to know some of their peers. Our Eagle Ambassadors and members of the MAC Committee were instrumental in making the day a big success.

The winter sports season is off to a very successful start. Bull Run continues to field some of the most accomplished and successful sports teams in the county and the region. I appreciate all of the support I have seen parents and community members give to our student athletes over the course of the winter. I also enjoyed hearing band, orchestra, and chorus students in action during their winter concerts in December. The quality of the music at these events continues to be a testament to the skill and dedication of both the students and the teachers in the Bull Run music program, which is unparalleled in both its size and excellence.

In recognition of the many accomplishments of our students, I am pleased to announce that beginning second semester, a new incentive will be piloted with 8th grade students through our SOAR program. Each Friday, the 8th grade SOAR winners for the prior week will be given the opportunity to bring two friends to a special lunch lounge that will be set up and supervised in a designated location within the school building. This opportunity to relax with friends is intended to provide additional motivation to our 8th grade students to work harder to meet SOAR expectations and to take a more active role in ensuring that Bull Run Middle School continues to be a place that is safe and conducive to learning for all students.

All student assessment data continues to show steady improvement across all content areas. Incidents of student misbehavior are down from last year despite an increase in enrollment. Overall attendance continues to be excellent despite the unique health challenges our community has faced this year, and indicators suggest that this year could be Bull Run's most successful to date for student mastery of the Virginia Standards of Learning. With continued effective community collaboration, I am confident that our students will achieve at even higher levels.

Ed Stephenson, Ph.D.

Special points of interest:

- Do you want to know about the Virginia Readers Party? See page 3
- Is your student on the honor roll. See pages 4—9.
- Need the dates of coming school events. See the calendar on page 11.

8th Annual Science & Technology

Update

Due to an increased awareness to technological advances in our world, the science fair has been renamed the Science & Technology Expo to reflect these changes. Starting this year, students will have the opportunity to: **1)** use electronic devices (computers, Smart Boards, etc.) in addition to the **"traditional"** display board to present their experiments; **2)** information sharing via the cafeteria's new wireless network is available for all students; **3)** presentation of student experiments can be done individually or as a member of a team (no more than 2 people for 6th grade students; no more than 3 people for 7th & 8th grade students); **4)** a written paper is required for all grade-levels; and **5)** organizational winners from local businesses/industries will be awarded, in addition to the place awards and overall winner.

*Come join all our students on **Wednesday, February 10, 2010** in the cafeteria to experience for yourself premier science & technology projects created by our talented students. Even with the above mentioned changes there should be over 350 projects covering 14 scientific categories at this science & technology expo.*

If you were a judge last year, I will be contacting you later in the year asking for your assistance again. If you would like to be a judge, no experience is necessary and all the training materials will be provided. Judging usually requires a 2.5 hour commitment of your time. Volunteers for non-judging tasks are also needed. Please feel free to contact me at troutjr@pwcs.edu if you would like to help out with our science & technology expo.

Additional information about both Science & Technology Expo can be found on the BRMS School Fusion website.

If you have any additional questions or concerns, please do not hesitate to contact me.

Thanks in advance,

John R. Trout, M.Ed.

SCHOOL COUNSELING News

It's hard to believe, but it is interim time again. Many of you have already registered and received your EduLink password so that you can monitor your child's progress on line. If you notice your child's grades slipping, the first point of contact should be the teacher through email. The classroom teacher can give you specific information about how you can best help and exactly what kind of problem is occurring. If you feel the problem cannot be resolved after talking to the teacher, please contact your child's advisory teacher to set up a parent conference if you feel that is appropriate.

Parents of 8th graders, please continue to monitor the dates of the Specialty Program's information night. These informational meetings are the best way to help you determine which high school is best for your child. As always, the deadline for application to Specialty Programs is February 15, 2010. You must submit an application for a Specialty Program even if that program is at your base high school. Mrs. Graney will continue to be available to advise our 8th graders during the high school scheduling process. More information will be available in the next newsletter about specific dates that we will complete high school scheduling. All of our counselors and counselors from Battlefield High School will be available to make scheduling easy for our students. Scheduling will take place later this year about the first week of March. There are some changes this year from the state about available diploma options, so we are waiting until these changes have been finalized.

Grade Level Counselors:

8th Mrs. Graney

7th Ms. Scott (Teams Mustang and Toros), Dr. Stone (Team Musketeers)

6th Ms. Walker (Teams Liberty, Patriots and Independence), Dr. Stone (Team Freedom)

Counseling Department Secretaries:

Mrs. Altman

Mrs. Redic

BRMS Library...Where it's all happening!

A Fall Festival, Bull Run Day at Barnes & Noble, lots of research and a focus on nonfiction reading filled the Bull Run Middle School library calendar for the second marking period. In November the winners of our public library card drive, Ms. Strohman's, Ms. Wiskeman's, and Ms. Darrell's language arts classes, enjoyed the Fall Festival complete with treats, games and prizes.

Before Thanksgiving, 6th grade students were taught how to access the information for their planet research and their citations. They researched an inner planet and an outer planet completed a comparison and contrast paper for language arts and a photo story for science.

After Thanksgiving, the Bull Run Day was held at Barnes & Noble in the Westgate Shopping Center on November 21, 2009. Student performers included the Bull Run Cheerleaders, Dance Team, Chamber Orchestra and the Step Team. The NJHS members and Bull Run Cheerleaders were hostesses and wrapped gifts. During the book fair, patrons enjoyed the art work displays as well as a special reading performed by Ms. Bailey (7th grade science teacher).

During November and December all grade levels have been focusing on nonfiction. Students have been checking out lots of nonfiction titles, especially biographies to meet their classroom reading requirements. The library offered a lesson on previewing techniques to help students make appropriate choices for their reading.

Eighth grade students have been researching how the media influences their lives. The library provided a PowerPoint Presentation about advertising techniques used by companies to sell products. While in the library, students received advice and instruction on how to handle the requirements of their paper as well as how to access the resources available to them. In addition to the eighth grade research, seventh grade students researched the history of an invention which was used to create a futuristic product.

The Virginia Readers Choice party will be held Monday, March 8, 2010. If a student would like to participate all they have to do is read 4 of the 10 VRC books. We have multiple copies of these books in the library. Pizza will be served and participating students will receive a \$7.00 voucher to the Scholastic Book Fair and will be able to shop at the book fair before it opens to the rest of the students. Hope to see you there.

Virginia Readers Choices Books:

The Black Book of Secrets	by F.E. Higgins
Book of a Thousand Days	by Shannon Hale
First Light	by Rebecca Stead
Keeper	by Mal Peet
Lawn Boy	by Gary Paulsen
London Calling	by Edward Bloor
Miss Spitfire	by Sarah Miller
Savvy	by Ingrid Law
The Uprising	by Margaret Peterson Haddix
Wednesday Wars	by Gary Schmidt

Martin Luther King, Jr. Quotes

Dr. King's birthday is celebrated on the third Monday of January. This year the date is January 18, 2010.

"Every man must decide whether he will walk in the light of creative altruism or in the darkness of destructive selfishness."

"Life's most persistent and urgent question is, 'What are you doing for others?'"

"Nothing in all the world is more dangerous than sincere ignorance and conscientious stupidity."

"The first question which the priest and the Levite asked was: 'If I stop to help this man, what will happen to me?' But... the good Samaritan reversed the question: 'If I do not stop to help this man, what will happen to him?'"

"The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education."

"The time is always right to do what is right."

"We must accept finite disappointment, but never lose infinite hope."
